Did you notice the 5-Stand Individual's League (NEW for Summer 2022)?  
Try it out!!

We've moved the Trap and 5-Stand operation to the Youth Building located north of the clubhouse to distance ourselves from the rifle range.

Please note the rules updates for 2022 Summer including:

- Reverting to 3 score shootback rule for the first 3 weeks (difficult to administer)
- 4 week shoot ahead stand (contact Sec'y to request exemptions)
- League Sponsor Fee reduced to \$105 from \$120.

Please actively seek Ladies and/or Juniors for your teams.

- Be sure that your team's fees are paid and recorded on the Team Roster sheet. (Our bar till (accounting system) is unable to record who has paid their league fees)
- Remember that no League Fees may be paid using your membership debit card.

Questions have been circulating regarding the team sizes.

Team sizes were equalized in 2021 so that Trap and Skeet teams have the same shooter count (no one wants to get booted off of teams for silly reasons).

Yes, calculating weekly team scores based on the top 5 weekly scores was in place for 2021. We'll continue this practice for 2022 as noted in the 2022 Guidelines.

I have been asked whether to allow Sr. shooter designation for count of 7 or 8 total shooters but will table that for future consideration. Continue the discussion!!
