

Custom Fishing Rod Building Class At Hudson Rod, Gun and Archery Club

We will once again be holding a rod building class at the Hudson Rod, Gun, and Archery Club. The class this year will be taught by Mark Wotruba. Parent with a child 11 – 18 years old are encouraged to take the class together.

Class Dates

November 30, 2022, Wednesday, 6:00 pm. Class introduction; determine what rod you want to build, and order materials.

January 7, 2023, Saturday, 8:00 – Noon, First Class where we will hand out all of the materials and tools needed to build your custom fishing rod.

We will have class each Wednesday evening from 6:00 – 9:00 and each Saturday from 8:00 – noon, until your rod is complete. Approximately 8 classes. Some people finish sooner, and some take a little longer depending on their experience and the amount of time they are able to work at home between classes.

Cost of the class = class fee, plus materials costs

Class Fee for Adults = \$60.00, Class fee for up to 2 Kids with paid adult = Free
Material Cost varies depending on the size of the rod built and quality of components used. Starting at approximately \$90.00 and increasing from that.

There is room for 15 students in the class.

Please contact Mark Wotruba to sign up for the class or if you have questions
